

HOUSEHOLD LISTINGS

Glendale, South Carolina

1920s thru 1960s

For more than 100 years Glendale was a stable community consisting primarily of relatives or friends, so closely knitted together that they all seemed like “kin-folk” Oft times they came to Glendale from the same areas of upper state or North Carolina. Most every one knew one another. Time and circumstances have changed all of that.

After the sale of the mill houses and the closing of the mill, many moved and most old timers have died. While a few descendants of the old line remain, for the vast part the community is largely transit and families hardly know their next door neighbors. The family ties of the majority are no longer here.

While serving as Postmaster and Mill Store manager, I came to know most all families in the community. In order to keep the memory of these old timers alive I have attempted to make this household listing. In reading these names, keep in mind this is not a community or family census. Many households were made up of families plus siblings or grandparents, siblings alone, some with foster children and in a few instances, individuals alone.

This listing was compiled primarily from memory with the aid of Herald Journal obituaries obtained through the Spartanburg County Library and other records which I have. In some few cases I was able to check with family relatives or friends to whom I am indebted. The names of all children of a family are not listed in every instance, only those remembered as having lived in the Glendale community (about 1 mile radius of mill) during the approximate 40 year time period listed. I have placed question marks where the status of children is questioned.

Some 400 households containing over 1600 names are listed and this is by no means a complete list. There are dozens or more families which I picture in my mind, but can't grasp their names, those I could not list. I'm sure there are dozens more that I don't recall at all. This listing is solely for the purpose of recognizing and keeping alive the memory of those who had part in the ongoing of a wonderful community of dear friends. I have tried to be as accurate in this listing as humanly possible but I admit the possibility of error. Where I might have misspelled a name or listed a name wrong, I apologize.

For looking over this list to correct obvious errors and make additions where needed, my sincere appreciation is extended to Mrs. Emma Riddle Jett, postal clerk and Postmaster at Glendale some 26 years,

(In the Listing below, “w” is wife and “c” is children.)
